

INDICATES LANDSLIDE
FOR COL. ROOSEVELT

Ohio Apparently Gives Colonel
Twenty-eight of the Forty-
two Delegates.

WILSON IS CROWDING
HARMON VERY CLOSE

President Taft Fails to Show
Marked Strength in Any
Section of State.

Cincinnati, May 22.—Early indications that Roosevelt had carried a majority of the congressional districts of Ohio are borne out by later figures. Chairman Walter Brown claims that Roosevelt has carried the Fourth, Sixth, Eighth, Ninth, Tenth, Eleventh, Twelfth, Fourteenth, Fifteenth, Seventeenth, Eighteenth and Nineteenth districts and the two Cleveland districts.

This would give Roosevelt twenty-eight of the forty-two district delegates. Brown claims thirty, but does not designate which other districts or delegates are for Taft. The returns indicate that Roosevelt has carried all the above districts except possibly the Eighth.

These districts extend from the Ohio river to Lake Erie and cover farming, mining and manufacturing sections. Whatever subsequent figures show there is no doubt that Roosevelt will have a large majority of district delegates.

Complete returns from slightly less than 2,000 precincts of 5,192 in the state showed that Colonel Roosevelt's delegates had a lead of more than 15,000 votes.

Harmon Leading Wilson.

Governor Harmon's lead over Woodrow Wilson was considerably less than this. The closeness of this race with Wilson was indicated by late reports from Cincinnati. Governor Harmon's home city. Here the Ohio governor, who had been well in the lead in the early returns, was shown to have 1,554 votes and Wilson 1,904 in 120 precincts out of a total of 31.

President Taft failed to show marked strength in any section of the state except in his home county of Hamilton. Here the vote is approximately two to one in his favor. That, despite the Brownsville argument advanced against Roosevelt during the primary campaign, the negroes voted almost solidly for Roosevelt is shown by the figures of the Sixth district, containing a large negro vote, which went overwhelmingly for Roosevelt. The Eighteenth ward in Cincinnati, which contains a heavy negro vote, gave Roosevelt a majority of 500.

The rural districts were against Taft almost without exception, owing undoubtedly to the fact that the farmers resent Taft's attempt to effect the reciprocity pact with Canada.

Makes Surprising Race.

Governor Wilson of New Jersey made a surprising race in Ohio against Governor Harmon, notwithstanding the fact that he did not enter the state during the campaign, nor were there any orators in the state in his behalf, with the exception of William Jennings Bryan.

National Committeeman Harvey C. Garber claims Wilson has carried the Third, Fourth, Eighth, Ninth, Tenth, Sixteenth, Nineteenth, Twentieth and Twenty-first districts and asserts that Wilson will have thirty of the forty-eight Ohio delegates.

Garber does not claim that Wilson has defeated Harmon in the presidential preference primary and he probably has not. Other figures show that Wilson has carried the Seventeenth district and that he has at least one delegate from the Fifteenth.

The Harmon leaders refuse to concede the claims of the Wilson managers, asserting that Harmon has carried the state in the presidential preference primary by a vote of at least two to one.

The results indicated mean a political revolution in Ohio. Chairman Walter Brown of the state central committee, by reason of the Roosevelt victory, becomes a dominant figure in Ohio Republicanism along with Dan Hanna and James R. Garfield of Cleveland.

Bryan's Influence Grows.

Governor Harmon's showing undoubtedly will tend largely to eliminate him as a prospective presidential candidate. The progressives, under the leadership of Harvey C. Garber, will become a potent factor in the state, re-establishing in power the Bryan influence, which has been in the background for the past four years.

While the Democratic presidential vote was so close the result could not be foretold the indications were that Governor Harmon would have at least twenty-two or twenty-four of the delegates to the Baltimore convention. The privilege of naming the six delegates at large of the state, however, is carried by the winner of the presidential preference vote.

Despite the close fight between the

Taft and Roosevelt forces on the Republican ticket United States Senator La Follette of Wisconsin received considerable support, particularly in Cleveland and Toledo precincts, where he was credited with several thousand votes. In Wood county near Toledo Senator La Follette ran second to Colonel Roosevelt.

STEEL DIRECTOR
GIVES EVIDENCE

Testifies Concerning Organization of Bridge Company.

DENIES INTENDING MONOPOLY

Percival Roberts Says Original Competitors Were Acquired Solely for the Purpose of Doing a Larger Business—Describes Simple Method Used by J. P. Morgan to Procure Control of the Concern.

New York, May 22.—Percival Roberts, Jr., director of the United States Steel corporation, a member of its finance committee and a defendant in the government suit to dissolve the corporation under the Sherman anti-trust act, testified concerning the organization of the American Bridge company at the continuation of the hearing.

Mr. Roberts, who was president of the bridge company when it was taken over by the steel corporation in 1901, denied the company was originally organized with the object of monopolizing the industry. He said at that time the company's output amounted to only 38 per cent of the entire output of the country, that this percentage had fallen to 42 per cent a year ago and that the company now owned only about twenty-nine plants against 375 independent plants. Though admitting some of the original constituents of the company were competitors they were combined, he said, solely for the purpose of doing a larger business.

Required Larger Capital.

The steel corporation, in its answer to the government's suit, says of the organization of the bridge company that "the size and character of the structures built required larger capital and greater skill than could be commanded by small concerns."

Mr. Roberts failed to support this argument when questioned by R. V. Lindabury, counsel for the corporation, stating that several of the constituent concerns were entirely capable of handling structures built at that time.

The steel director was unable to furnish the government information about alleged contracts entered into with the owners of constituent companies taken over limiting their territorial operations for a period of years, but testified to the existence of a contract between the bridge company and the Carnegie Steel company, under which the Carnegie company was to supply the bridge company materials at advantageous prices and itself cease fabricating bridge work as long as the bridge company's output exceeded two-thirds of the country's output.

Plan to Foster Combine.

That the steel corporation's executive committee had under consideration shortly after its organization a proposition to foster a combination of several small bridge companies outside the American company into another company which would work to the advantage of the American Bridge company, inasmuch as the American Bridge company could deal with one competitor instead of several, was revealed by the minutes of an executive committee meeting which were read by Attorney Dickinson, the government counsel. The minutes stated that Mr. Roberts had advised against the idea on the ground that "although the small concerns don't amount to much now if consolidated they might become factors."

"The matter was turned down without discussion," Roberts testified.

How J. P. Morgan & Co. procured control of the bridge company on behalf of the corporation without any official action or knowledge of the bridge company's directors or officials, as the witness declared, was an interesting feature of Mr. Roberts' testimony. There were no negotiations whatever as to the price at which the stock was to be sold, he said.

J. P. Morgan & Co. merely issued a circular offering to exchange steel corporation stock for stock of the bridge company at 110 steel preferred and 105 steel common stocks of the bridge company. This offer was accepted by the stockholders and that was all there was to it, Mr. Roberts said.

Warden's Murderer to Hang.

Lincoln, Neb., May 22.—Albert Prince, a convict, convicted of the murder of Deputy Warden Ed Davis of the state penitentiary at the close of chapel exercises on Feb. 11, was sentenced to hang on Aug. 20. Prince laughed and joked throughout the proceedings.

WILLIAM H. TAFT.

Native State Apparently
Goes Against President.

RICHESON BRAIN NORMAL

Autopsy Performed on Body of Dead Murderer.

Boston, May 22.—The body of Clarence V. T. Richeson, who was executed for the murder of Avis Linnell, lies at the North Grove street morgue. Dr. George B. McGrath, medical examiner of Suffolk county, performed the autopsy required by law and declared that Richeson's brain was normal.

Douglas Richeson of Chicago, brother of the dead man, is undecided regarding the disposition of the remains.

Amundsen Reaches Uruguay.

Montevideo, Uruguay, May 22.—Captain Roald Amundsen, the discoverer of the South pole, arrived here aboard the British steamer Remuera. He received a warm welcome from the secretary of President Ordonez and several members of the government.

INTIMATES ROOT IS
NOT SATISFACTORY

Colonel Roosevelt Comments on
Temporary Chairman.

Oyster Bay, N. Y., May 22.—Colonel Roosevelt was advised of the returns in the Ohio contest, but he declined to comment on the returns until the result was definitely known.

In regard to the selection of a temporary presiding officer of the Republican national convention, for which position Elihu Root was named, Colonel Roosevelt issued the following statement:

"If the progressives, as now seems probable, have a substantial majority at the Chicago convention I assume that they will wish every man who speaks for the convention to be in thorough sympathy with their principles and with the cause for which they stand.

"The temporary chairman has for almost his sole function the delivery of a speech, which is supposed to strike the keynote of the situation, or at least to give forceful expression to the convictions and purposes of a majority of the convention. Unless the national committee names a man whom the convention is willing to accept as its spokesman the convention will, I assume, substitute its own choice.

"This was done in the convention of 1884, of which I was a member, when the national committee named as temporary chairman, Mr. Powell Clayton, and we of the convention substituted for him Mr. Lynch."

PRESIDENT NOT WORRYING

Secretary Hilles Says Returns Are Too Indefinite.

Pittsburg, May 22.—President Taft stopped here twenty minutes en route to Washington. He did not appear and Secretary Hilles said returns from the Ohio primaries were too indefinite for a statement.

The president evidently was not worried about the Ohio result. He slept on his car much of the way from Cincinnati to Dennison and Dr. Thomas L. Rhoades, his physician, was confident he will enter the New Jersey campaign in fine fettle.

In Washington, President Taft probably will name two major generals and three brigadier generals. It has been expected that Brigadier General Clarence R. Edwards will get one of the promotions, but no intimation of the president's choice was given.

IS CLAIMING CLEAN SWEEP

Roosevelt Manager Refuses to Concede Any District.

Columbus, May 22.—Chairman Walter Brown of the Roosevelt committee said: "We have not heard definitely from the First, Second, Third, Seventh, Thirteenth and Sixteenth districts, but we will not concede any of them. From Continental, Putnam county, we hear that Roosevelt has carried that place 10 to 1. Williams county was for Roosevelt 8 to 1, Ashland 4 to 1 and Ashland county 6 to 1. "Arthur L. Garford wires that we have carried the Fourteenth district 3 to 1."

OWEN'S PUBLIC
HEALTH BILL

Protests Against It From All
Parts of the Country.

NOT LIKELY TO BE PASSED.

Oklahoma Senator's Enlarging Public Health and Marine Service Is Regarded as Restricting People's Right to Doctor Themselves—To Reduce Number of Private Pension Bills.

By ARTHUR W. DUNN.

Washington, May 22.—[Special.]—Anything that seems to interfere with religious freedom or restrict the right of people to doctor themselves in their own way is sure to meet with fierce opposition. Even in the midst of the most heated of presidential campaigns people have time to give attention to the Owen bill for enlarging the public health service. The Oklahoma senator first started out with a plan for a department of health with a cabinet officer, but has modified it until it now enlarges the public health and marine hospital service. But even the latter measure is vigorously opposed. From all parts of the country protests are pouring in, and it is a good guess that congress will refuse to pass a measure that seems so full of dynamite.

Commending Courts.

Minority Leader Mann was commending the manner in which an appropriation bill had been prepared by the committee on appropriations, Congressman Johnson of South Carolina, who was in charge of the bill, said that the credit belonged to the clerk of the committee, James C. Courts.

"There have been occasions," remarked Mann, "when the clerk of the committee has more than earned his salary."

"I will say," responded Johnson, "that he is the most valuable man in the service of the government."

The house applauded both statements. Courts came to Washington from Tennessee more than a quarter of a century ago and has been clerk of the committee whether Republicans or Democrats are in control. He is one of the men regarded as indispensable about the house.

Sherman Disgusted.

Time was when "Sunny Jim" Sherman was somewhat weary of the senate proceedings, but he has passed that stage now. But he was disgusted not long ago when the Washington baseball team dropped four straight games to another club. "Bush leaguers!" he said. "They are worse than that. I could organize a team among the senate page boys and go out and lick 'em. I hope they will brace up and give us some baseball."

Reduce Pension Bills.

Senator McCumber, chairman of the committee on pensions, says that he expects the Sherwood pension bill, which has been approved, will have the effect of reducing the number of private pension bills passed at each session of congress, as many cases now covered in the private bills will be cared for under the general law. McCumber does not believe it will decrease the number of pension bills introduced. "There seems to be a habit on the part of some senators to introduce pension bills," he remarked. He might have said nearly all senators.

Austin Owns Up.

Congressman Austin was the storm center of a dispute arising over the amount which the government should pay to the relatives of men who lost their lives in the service or for damages or injuries received while employed on government works. The Tennessee man claimed that \$5,000 should be paid for the loss of life instead of \$120, as the bill under consideration proposed. During the debate Congressman Fowler of Illinois said to Austin:

"You are too good a lawyer to talk that way."

"I am more of a statesman than a lawyer," confessed Austin.

The Youngest Soldiers.

Speaking on pensions, General Sherwood of Ohio said there were only two men living who went into the Union army at eleven years old. One lives in Indiana and the other in Colorado. Congressman Hamilton of West Virginia lived at Grantsville, W. Va., a man who enlisted before he was eleven years old and was the actual youngest soldier who served in the civil war.

Topics of Conversation.

As a real, substantial subject of never ending talk in congress the tariff is without a rival. There was a time when the free coinage of silver had it "on" the tariff, but that was long ago. And, besides, the tariff was only temporarily set aside. It "came back" proving my assertion.

But both houses of congress have to have diversion. There must be a little something sandwiched in between tariff speeches to relieve conditions. In the senate the constitution is always a fruitful subject for one of those "un-expected debates" which consume time and relieve regular tariff talkers. In the house the "point of order" answers the same purpose. And both are equally effective as to "getting anywhere."

Senator is convinced he is wrong in a constitutional argument, and no member of the house ever thinks he is wrong in regard to a point of order.

What Started the Jar.

Wife—I wonder how you can look me in the face. Husband—Oh, a man can get used to anything.—Exchange.

JOHN F. FITZGERALD.

Boston Mayor a Candidate
for United States Senator.

SENATOR CRANE TO RETIRE

Mayor Fitzgerald of Boston Candidate for His Seat

Washington, May 22.—Senator W. Murray Crane of Massachusetts announced that he would not be a candidate for re-election to the United States senate before the primaries in his state next autumn.

Boston, May 22.—Mayor John P. Fitzgerald announced his candidacy for the Democratic nomination for United States senator to succeed Senator Winthrop Murray Crane. Mayor Fitzgerald in a statement declared the withdrawal of Senator Crane to fore-shadow the passage of senatorial primary preference bill now before the Massachusetts legislature.

MEASURE TO STOP
RECKLESS DRIVING

Chicago Judge Fines an Auto
Speeder \$1,000.

Chicago, May 22.—A chain of automobile accidents in the last week, unprecedented in the history of Chicago, has caused city and county officials to declare they will take drastic measures to stop reckless driving.

Municipal Judge Gemmill started an active crusade against "speeders" by fining George S. Scott, who was driving an automobile that struck and injured Anna Falkenburg, fourteen years old, \$1,000. The charge was assault with a deadly weapon, a new ground for the prosecution of automobile drivers.

County Prosecutor John E. Wyman declared his intention to take personal charge of all automobile accident cases that reach his office. He declared himself in favor of an amendment to the state law on speeding, making it a criminal offense.

"It is as much of a crime to kill a person with an automobile by criminal carelessness as it is to commit murder by shooting or stabbing," he said.

Mayor Harrison also joined the fight. In a message to the city council he urged a revision of the city ordinances regulating the speed of machines.

SWINDLED GEM EXPERT DIES

Head of Diamond Syndicate Who Bought Fake Process Succumbs.

London, May 22.—Sir Julius Charles Wertheimer, head of the De Beers diamond syndicate and of the firm of Wertheimer, Belt & Co., is dead.

Although Sir Julius Wertheimer was at the head of a great diamond mining organization Henri Lemoine, a Frenchman, succeeded in swindling him out of more than \$300,000 by pretending he had discovered a method of making diamonds by a chemical process.

Lemoine in July, 1909, was sentenced at Paris to six years' imprisonment for the swindle.

SENATOR DIXON
IS OPTIMISTIC

POLICE UNEARLY PLUNDER

Seize \$20,000 Worth of Alleged Stolen Jewels.

New York, May 22.—Jewelry and diamonds valued at \$20,000 were found by the police in a safe deposit vault of the Harlem branch of the Colonial Trust company, which was rented by Bert Curtis, the alleged "Raffles," who was arrested Sunday. Curtis, who has refused to make a statement, accompanied the police to the Colonial Trust company, where scores of men and women, whose homes have been robbed within the last year, had gathered to identify the hidden plunder.

"I bought that junk from another man," Curtis said as the detectives removed the five packages from the strong box. "I paid \$500 for the whole bunch of it."

When the police searched the flat occupied by Curtis under the name of Lamont a woman gave them the key to the safe deposit vault. In the apartment, diamonds and jewelry worth more than \$5,000 were found.

Plan to Form New Party.

New York, May 22.—Steps looking to the formation of a new political party were taken at the sessions of the National Manufacturers' association. John Kirby, Jr., president of the association, spoke in favor of a new party and a committee was named to draft resolutions and to plan ways and means of inaugurating the movement.

Farmer Impaled on Pitchfork.

Creston, Ia., May 22.—Robert A. McCastin, twenty-three years old, a leading young farmer near Greenfield, Ia., died in a hospital here from the effects of an injury sustained by being impaled upon a pitchfork. McCastin fell on the fork as he descended from the top of a haystack.

Engineers Re-Elect Stone

Grand Chief Since 1903 Given Six-Year Term.

Harrisburg, Pa., May 22.—Warren S. Stone of Cleveland, grand chief of the Brotherhood of Locomotive Engineers since 1903, was re-elected for a term of six years. Only one ballot was taken and he had so many of the 791 votes cast that the election was made unanimous.

Mr. Stone was elected first to fill the unexpired term of P. M. Arthur and was re-elected for four year terms in 1904 and 1908, his election now being the first for a six-year term.

Will Oppose Senator Nelson.

Minneapolis, May 22.—James A. Peterson of Minneapolis announced his candidacy for United States senator. He will file for the Republican nomination to succeed Senator Knute Nelson, who has not announced whether he will ask for another term. The nomination will be decided under the Keefe law at the September primaries.

Birds Are Early Risers.

He was an affable young man and desirous of demonstrating his kindly and genial disposition. So when the canary bird chirped sleepily from its cage on the wall he spoke up cheerily.

"What's the matter, bird?" he inquired.

The girl glanced at him with a dreamy smile. She was a southern girl, and she spoke with a gentle drawl.

"He thinks it's mawwin," she cooed. The man who loves birds hasn't been back.—Kansas City Star.

GRAIN AND PROVISION PRICES

Duluth Wheat and Flax.

Says Ohio Result Means Nomination of Roosevelt.

ALSO CLAIMS THE ELECTION

Colonel's Campaign Manager Issues Statement Declaring Rough Rider Will Be Named at Chicago on First Ballot and Will Be Elected in November by the Biggest Majority Ever Given a Presidential Candidate.

Washington, May 22.—Senator Dixon issued the following statement from the Roosevelt national headquarters: "There is no further room for argument. On last Thursday at Columbus Mr. Taft in his speech said: 'The vote in Ohio, my home state, will be the decisive one and will settle the question of the nomination.'"

"Ohio has spoken. By a majority of probably 50,000 she has declared her preference for Theodore Roosevelt as Republican nominee for president. Roosevelt will have forty-four of the forty-eight delegates in Mr. Taft's own state."

"Theodore Roosevelt will be nominated as the Republican candidate for president on the first ballot at Chicago and will be elected in November by the biggest majority ever given a presidential candidate. This is the end of the contest."

No statement was issued by the Taft managers. It was stated at the president's headquarters that more complete returns would be awaited before comment would be made. Both headquarters were besieged by members of congress and political leaders for news of the Ohio fight.

MODIFIES COFFEE INJUNCTION

Judge Hand Releases 74,338 of 950,000 Bags Ordered Held.

New York, May 22.—A modification in the temporary restraining order issued in the government's suit against the coffee valorization combine was made by Judge Hand in the federal court.

The original order enjoined the defendants, including the New York Dock company, from parting with 950,000 bags of valorization coffee believed to be in storage here. Under the modification 74,338 bags of coffee, which had been transferred to other persons than the defendants, are released.

The government's motion to make the injunction permanent is to be heard on Friday.

MUNSEY DENIES THE REPORT

Publisher Says Colonel Hasn't Promised Him Ambassadorship.

New York, May 22.—Frank A. Munsey authorized a denial of the statement recently published that Mr. Roosevelt had promised him the ambassadorship to the court of St. James in the event of his election. Mr. Munsey said:

"I wish to say that there is not one word of truth or shading of truth in it. Mr. Roosevelt has never offered me anything and I have never asked anything of him."

"I want to add, too, that whatever I am doing in this Roosevelt campaign is done from the citizen point of view and not with regard to my personal work for Mr. Roosevelt himself."

OLD PARTY CANDIDATES LOSE

Citizens' Ticket Wins Three-Cornered Fight in Denver.

Denver, May 22.—The Citizens' ticket, headed by Henry J. Arnold for mayor, won a three-cornered fight over the Democratic and Republican tickets in Denver's municipal election.

According to returns received from approximately one-third of the 221 precincts Arnold had polled more votes than both John B. Hunter, Democrat, and Dewey C. Bailey, Republican, for mayor.

The re-election of Ben B. Lindsey, juvenile judge, seemed assured on the face of returns.

LUMBER TRUST HEARING ON

Milton D. Purdy Represents Dealers in Injunction Suit.

Chicago, May 22.—Taking of evidence was begun in the prosecution of the Northwestern Association of Retail Lumber Dealers, the alleged lumber trust. Suit for injunction was filed by the government several months ago, accusing the organization of restraint of trade.

Government counsel first took up the examination of correspondence between secretaries of the lumber organizations. The government is represented by Clark McKee, special assistant to the attorney general, and Frank H. Watson, special counsel of Detroit. Milton D. Purdy of Minneapolis represents the lumber dealers.

Gets \$5,000 Worth of Jewels.

INDICATES LANDSLIDE
FOR COL. ROOSEVELT

Ohio Apparently Gives Colonel
Twenty-eight of the Forty-
two Delegates.

WILSON IS CROWDING
HARMON VERY CLOSE

President Taft Fails to Show
Marked Strength in Any
Section of State.

Cincinnati, May 22.—Early indications that Roosevelt had carried a majority of the congressional districts of Ohio are borne out by later figures. Chairman Walter Brown claims that Roosevelt has carried the Fourth, Sixth, Eighth, Ninth, Tenth, Eleventh, Twelfth, Fourteenth, Fifteenth, Seventeenth, Eighteenth and Nineteenth districts and the two Cleveland districts.

This would give Roosevelt twenty-eight of the forty-two district delegates. Brown claims thirty, but does not designate which other districts or delegates are for Taft. The returns indicate that Roosevelt has carried all the above districts except possibly the Eighth.

Complete returns from slightly less than 2,000 precincts of 5,192 in the state showed that Colonel Roosevelt's delegates had a lead of more than 15,000 votes.

Harmon Leading Wilson.
Governor Harmon's lead over Woodrow Wilson was considerably less than this. The closeness of this race with Wilson was indicated by late reports from Cincinnati, Governor Harmon's home city. Here the Ohio governor, who had been well in the lead in the early returns, was shown to have 1,954 votes and Wilson 1,904 in 120 precincts out of a total of 31.

President Taft failed to show marked strength in any section of the state except in his home county of Hamilton. Here the vote is approximately two to one in his favor. That, despite the Brownsville argument advanced against Roosevelt during the primary campaign, the negroes voted almost solidly for Roosevelt is shown by the figures of the Sixth district, containing a large negro vote, which went overwhelmingly for Roosevelt. The Eighteenth ward in Cincinnati, which contains a heavy negro vote, gave Roosevelt a majority of 500.

The rural districts were against Taft almost without exception, owing undoubtedly to the fact that the farmers resent Taft's attempt to effect the reciprocity pact with Canada.

Makes Surprising Race.
Governor Wilson of New Jersey made a surprising race in Ohio against Governor Harmon, notwithstanding the fact that he did not enter the state during the campaign, nor were there any orators in the state in his behalf, with the exception of William Jennings Bryan.

National Committeeman Harvey C. Garber claims Wilson has carried the Third, Fourth, Eighth, Ninth, Tenth, Sixteenth, Nineteenth, Twentieth and Twenty-first districts and asserts that Wilson will have thirty of the forty-eight Ohio delegates.

Garber does not claim that Wilson has defeated Harmon in the presidential preference primary and he probably has not. Other figures show that Wilson has carried the Seventeenth district and that he has at least one delegate from the Fifteenth.

The Harmon leaders refuse to concede the claims of the Wilson managers, asserting that Harmon has carried the state in the presidential preference primary by a vote of at least two to one.

The results indicated mean a political revolution in Ohio. Chairman Walter Brown of the state central committee, by reason of the Roosevelt victory, becomes a dominant figure in Ohio Republicanism along with Dan Hanna and James R. Garfield of Cleveland.

Bryan's Influence Grows.
Governor Harmon's showing undoubtedly will tend largely to eliminate him as a prospective presidential candidate. The progressives, under the leadership of Harvey C. Garber, will become a potent factor in the state, re-establishing in power the Bryan influence, which has been in the background for the past four years.

While the Democratic presidential vote was so close the result could not be retorted the indications were that Governor Harmon would have at least twenty-two or twenty-four of the delegates to the Baltimore convention. The privilege of naming the six delegates at large of the state, however, is carried by the winner of the presidential preference vote.

Despite the close fight between the

STEEL DIRECTOR
GIVES EVIDENCE

Testifies Concerning Organiza-
tion of Bridge Company.

DENIES INTENDING MONOPOLY

Percival Roberts Says Original Competitors Were Acquired Solely for the Purpose of Doing a Larger Business—Describes Simple Method Used by J. P. Morgan to Procure Control of the Concern.

New York, May 22.—Percival Roberts, Jr., director of the United States Steel corporation, a member of its finance committee and a defendant in the government suit to dissolve the corporation under the Sherman anti-trust act, testified concerning the organization of the American Bridge company at the continuation of the hearing.

Mr. Roberts, who was president of the bridge company when it was taken over by the steel corporation in 1901, denied the company was originally organized with the object of monopolizing the industry. He said at that time the company's output amounted to only 38 per cent of the entire output of the country, that this percentage had fallen to 42 per cent a year ago and that the company now owned only about twenty-nine plants against 375 independent plants. Though admitting some of the original constituents of the company were competitors they were combined, he said, solely for the purpose of doing a larger business.

Required Larger Capital.
The steel corporation, in its answer to the government's suit, says of the organization of the bridge company that "the size and character of the structures built required larger capital and greater skill than could be commanded by small concerns."

Mr. Roberts failed to support this argument when questioned by R. V. Lindabury, counsel for the corporation, stating that several of the constituent concerns were entirely capable of handling structures built at that time.

The steel director was unable to furnish the government information about alleged contracts entered into with the owners of constituent companies taken over limiting their territorial operations for a period of years, but testified to the existence of a contract between the bridge company and the Carnegie steel company, under which the Carnegie company was to supply the bridge company materials at advantageous prices and itself cease fabricating bridge work as long as the bridge company's output exceeded two-thirds of the country's output.

Plan to Foster Combine.
That the steel corporation's executive committee had under consideration shortly after its organization a proposition to foster a combination of several small bridge companies outside the American company into another company which would work to the advantage of the American Bridge company, inasmuch as the American Bridge company could deal with one competitor instead of several, was revealed by the minutes of an executive committee meeting which were read by Attorney Dickinson, the government counsel. The minutes stated that Mr. Roberts had advised against the idea on the ground that "although the small concerns do not amount to much now if consolidated they might become factors."

"The matter was turned down without discussion," Roberts testified.

How J. P. Morgan & Co. procured control of the bridge company without any official action or knowledge of the bridge company's directors or officials, as the witness declared, was an interesting feature of Mr. Roberts' testimony. There were no negotiations whatever as to the price at which the stock was to be sold, he said.

J. P. Morgan & Co. merely issued a circular offering to exchange steel corporation stock for stock of the bridge company at 110 steel preferred and 105 steel common stocks of the bridge company. This offer was accepted by the stockholders and that was all there was to it, Mr. Roberts said.

Warden's Murderer to Hang.
Lincoln, Neb., May 22.—Albert Prince, a convict, convicted of the murder of Deputy Warden Ed Davis of the state penitentiary at the close of chapel exercises on Feb. 11, was sentenced to hang on Aug. 20. Prince laughed and joked throughout the proceedings.

OWEN'S PUBLIC
HEALTH BILL

Protests Against It From All
Parts of the Country.

NOT LIKELY TO BE PASSED.

Oklahoma Senator's Enlarging Public Health and Marine Service Is Regarded as Restricting People's Right to Doctor Themselves—To Reduce Number of Private Pension Bills.

By ARTHUR W. DUNN.

Washington, May 22.—[Special.]—Anything that seems to interfere with religious freedom or restrict the right of people to doctor themselves in their own way is sure to meet with fierce opposition. Even in the midst of the most heated of presidential campaigns people have time to give attention to the Owen bill for enlarging the public health service. The Oklahoma senator first started out with a plan for a department of health with a cabinet officer, but has modified it until it now enlarges the public health and marine hospital service. But even the latter measure is vigorously opposed. From all parts of the country protests are pouring in, and it is a good guess that congress will refuse to pass a measure that seems so full of dynamite.

Commending Courts.
Minority Leader Mann was commending the manner in which an appropriation bill had been prepared by the committee on appropriations. Congressman Johnson of South Carolina, who was in charge of the bill, said that the credit belonged to the clerk of the committee, James C. Coors.

"There have been occasions," remarked Mann, "when the clerk of the committee has more than earned his salary."

"I will say," responded Johnson, "that he is the most valuable man in the service of the government."

The house applauded both statements. Courts came to Washington from Tennessee more than a quarter of a century ago and has been clerk of the committee whether Republicans or Democrats are in control. He is one of the men regarded as indispensable about the house.

Sherman Disgusted.
Time was when "Sunny Jim" Sherman was somewhat weary of the senate proceedings, but he has passed that stage now. But he was disgusted not long ago when the Washington baseball team dropped four straight games to another club. "Bush league!" he said. "They are worse than that. I could organize a team among the senate page boys and go out and lick 'em. I hope they will brace up and give us some baseball."

Reduce Pension Bills.
Senator McCumber, chairman of the committee on pensions, says that he expects the Sherwood pension bill, which has been approved, will have the effect of reducing the number of private pension bills passed at each session of congress, as many cases now covered in the private bills will be cared for under the general law. McCumber does not believe it will decrease the number of pension bills introduced. "There seems to be a habit on the part of some senators to introduce pension bills," he remarked. He might have said nearly all senators.

Austin Owns Up.
Congressman Austin was the storm center of a dispute arising over the amount which the government should pay to the relatives of men who lost their lives in the service or for damages or injuries received while employed on government work. The Tennessee man claimed that \$5,000 should be paid for the loss of life instead of \$120, as the bill under consideration proposed. During the debate Congressman Fowler of Illinois said to Austin: "You are too good a lawyer to talk that way."

"I am more of a statesman than a lawyer," confessed Austin.

The Youngest Soldiers.
Speaking on pensions, General Sherwood of Ohio said there were only two men living who went into the Union army at eleven years old. One lives in Indiana and the other in Colorado. Congressman Hamilton of West Virginia corrected him to say that there was living at Grantsville, W. Va., a man who enlisted before he was eleven years old and was the youngest soldier who served in the civil war.

Topics of Conversation.
As a real, substantial subject of never ending talk in congress the tariff is without a rival. There was a time when the free cologne of silver had it "on" the tariff, but that was long ago. And, besides, the tariff was only temporarily set aside. It "came back," proving my assertion.

But both houses of congress have to have diversion. There must be a little something sandwiched in between tariff speeches to relieve conditions. In the senate the constitution is always a fruitful subject for one of those "unexpected debates" which consume time and relieve regular tariff talkers. In the house the "point of order" answers the same purpose. And both are equally effective as to "getting anywhere." No senator is convinced he is wrong in a constitutional argument, and no member of the house ever thinks he is wrong in regard to a point of order.

What Started the Jar.
Wife—I wonder how you can look me in the face. Husband—Oh, a man can get used to anything.—Exchange.

JOHN F. FITZGERALD.

Boston Mayor a Candidate
for United States Senator.

SENATOR CRANE TO RETIRE

Mayor Fitzgerald of Boston Candidate
for His Seat

Washington, May 22.—Senator W. Murray Crane of Massachusetts announced that he would not be a candidate for re-election to the United States senate before the primaries in his state next autumn.

Boston, May 22.—Mayor John F. Fitzgerald announced his candidacy for the Democratic nomination for United States senator to succeed Senator Winthrop Murray Crane. Mayor Fitzgerald in a statement declared the withdrawal of Senator Crane to fore-shadow the passage of senatorial primary preference bill now before the Massachusetts legislature.

MEASURE TO STOP
RECKLESS DRIVING

Chicago Judge Fines an Auto
Speeder \$1,000.

Chicago, May 22.—A chain of automobile accidents in the last week, unprecedented in the history of Chicago, has caused city and county officials to declare they will take drastic measures to stop reckless driving.

Municipal Judge Gemmill started an active crusade against "speeders" by fining George S. Scott, who was driving an automobile that struck and injured Anna Falkenberg, fourteen years old, \$1,000. The charge was assault with a deadly weapon, a new ground for the prosecution of automobile drivers.

County Prosecutor John E. Wyman declared his intention to take personal charge of all automobile accident cases that reach his office. He declared himself in favor of an amendment to the state law on speeding, making it a criminal offense.

"It is as much of a crime to kill a person with an automobile by criminal carelessness as it is to commit murder by shooting or stabbing," he said.

Mayor Harrison also joined the fight. In a message to the city council he urged a revision of the city ordinances regulating the speed of machines.

SWINDLED GEM EXPERT DIES

Head of Diamond Syndicate Who
Bought Fake Process Succumbs.

London, May 22.—Sir Julius Charles Wertheim, head of the De Beers diamond syndicate and of the firm of Wertheim, Belt & Co., is dead.

Although Sir Julius Wertheim was at the head of a great diamond mining organization Henri Lemoine, a Frenchman, succeeded in swindling him out of more than \$300,000 by pretending he had discovered a method of making diamonds by a chemical process. Lemoine in July, 1909, was sentenced at Paris to six years' imprisonment for the swindle.

SENATOR DIXON
IS OPTIMISTIC

POLICE UNEARTH PLUNDER

Seize \$20,000 Worth of Alleged Stolen
Jewels.

New York, May 22.—Jewelry and diamonds valued at \$20,000 were found by the police in a safe deposit vault of the Harlem branch of the Colonial Trust company, which was rented by Bert Curtis, the alleged "Raffles," who was arrested Sunday. Curtis, who has refused to make a statement, accompanied the police to the Colonial Trust company, where scores of men and women, whose homes have been robbed within the last year, had gathered to identify the hidden plunder.

"I bought that junk from another man," Curtis said as the detectives removed the five packages from the strong box. "I paid \$500 for the whole bunch of it."

When the police searched the flat occupied by Curtis under the name of Lament a woman gave them the key to the safe deposit vault. In the apartment, diamonds and jewelry worth more than \$5,000 were found.

Plan to Form New Party.

New York, May 22.—Steps looking to the formation of a new political party were taken at the sessions of the National Manufacturers' association. John Kirby, Jr., president of the association, spoke in favor of a new party and a committee was named to draft resolutions and to plan ways and means of inaugurating the movement.

ENGINEERS RE-ELECT STONE

Grand Chief Since 1903 Given Six-
Year Term.

Harrisburg, Pa., May 22.—Warren S. Stone of Cleveland, grand chief of the Brotherhood of Locomotive Engineers since 1903, was re-elected for a term of six years. Only one ballot was taken and he had so many of the 791 votes cast that the election was made unanimous.

Mr. Stone was elected first to fill the unexpired term of P. M. Arthur and was re-elected for four year terms in 1904 and 1908, his election now being the first for a six-year term.

Will Oppose Senator Nelson.

Minneapolis, May 22.—James A. Peterson of Minneapolis announced his candidacy for United States senator. He will file for the Republican nomination to succeed Senator Knute Nelson, who has not announced whether he will ask for another term. The nomination will be decided under the Keefe law at the September primaries.

Birds Are Early Risers.

He was an affable young man and desirous of demonstrating his kindly and genial disposition. So when the canary bird chirped sleepily from its cage on the wall he spoke up cheerily. "What's the matter, bird?" he inquired.

The girl glanced at him with a dreamy smile. She was a southern girl, and she spoke with a gentle drawl. "He thinks it's mawlin'," she cooed. "The man who loves birds hasn't been back.—Kansas City Star.

Says Ohio Result Means Nomi-
nation of Roosevelt.

ALSO CLAIMS THE ELECTION

Colonel's Campaign Manager Issues
Statement Declaring Rough Rider
Will Be Named at Chicago on First
Ballot and Will Be Elected in No-
vember by the Biggest Majority Ever
Given a Presidential Candidate.

Washington, May 22.—Senator Dixon issued the following statement from the Roosevelt national headquarters: "There is no further room for argument. On last Thursday at Columbus Mr. Taft in his speech said: 'The vote in Ohio, my home state, will be the decisive one and will settle the question of the nomination.'"

"Ohio has spoken. By a majority of probably 50,000 she has declared her preference for Theodore Roosevelt as Republican nominee for president. Roosevelt will have forty-four of the forty-eight delegates in Mr. Taft's own state."

"Theodore Roosevelt will be nominated as the Republican candidate for president on the first ballot at Chicago and will be elected in November by the biggest majority ever given a presidential candidate. This is the end of the contest."

No statement was issued by the Taft managers. It was stated at the president's headquarters that more complete returns would be awaited before comment would be made. Both headquarters were besieged by members of congress and political leaders for news of the Ohio fight.

MODIFIES COFFEE INJUNCTION

Judge Hand Releases 74,338 of 950-
000 Bags Ordered Held.

New York, May 22.—A modification in the temporary restraining order issued in the government's suit against the coffee valorization combine was made by Judge Hand in the federal court.

The original order enjoined the defendants, including the New York Dock company, from parting with 950,000 bags of valorization coffee believed to be in storage here. Under the modification 74,338 bags of coffee, which had been transferred to other persons than the defendants, are released.

The government's motion to make the injunction permanent is to be heard on Friday.

MUNSEY DENIES THE REPORT

Publisher Says Colonel Hasn't Prom-
ised Him Ambassadorship.

New York, May 22.—Frank A. Munsey authorized a denial of the statement recently published that Mr. Roosevelt had promised him the ambassadorship to the court of St. James in the event of his election. Mr. Munsey said:

"I wish to say that there is not one word of truth or shading of truth in it. Mr. Roosevelt has never offered me anything and I have never asked anything of him."

"I want to add, too, that whatever I am doing in this Roosevelt campaign is done from the citizen point of view and not with regard to my personal work for Mr. Roosevelt himself."

OLD PARTY CANDIDATES LOSE

Citizens' Ticket Wins Three-Cornered
Fight in Denver.

Denver, May 22.—The Citizens' ticket, headed by Henry J. Arnold for mayor, won a three-cornered fight over the Democratic and Republican tickets in Denver's municipal election.

According to returns received from approximately one-third of the 221 precincts Arnold had polled more votes than both John R. Hunter, Democrat, and Dewey C. Bailey, Republican, for mayor.

The re-election of Ben B. Lindsey, juvenile judge, seemed assured on the face of returns.

LUMBER TRUST HEARING ON

Milton D. Purdy Represents Dealers
in Injunction Suit.

Chicago, May 22.—Taking of evidence was begun in the prosecution of the Northwestern Association of Retail Lumber Dealers, the alleged lumber trust. Suit for injunction was filed by the government several months ago, accusing the organization of restraint of trade.

Government counsel first took up the examination of correspondence between secretaries of the lumber organizations. The government is represented by Clark McKersher, special assistant to the attorney general, and Frank H. Watson, special counsel of Detroit. Milton D. Purdy of Minneapolis represents the lumber dealers.

Gets \$5,000 Worth of Jewels.

Chicago, May 22.—While Mrs. J. A. Edwards was entertaining friends on the lower floor of her home a burglar climbed a porch post, entered an upstairs room and stole jewelry valued at \$5,000. The theft was not noticed until after the guests had departed.

WEDNESDAY, MAY 22, 1912.

Brainerd Weather Bureau
Temperature taken by Theo. Miller, Cooperative Observer

May 21, 1912, maximum temperature, 67 degrees above zero.
May 22, 1912, minimum temperature, 46 degrees above zero.
The U. S. weather bureau forecast is: "Showers tonight or Thursday. Cooler south and west portions tonight."

The Little Falls Transcript thinks that the whirlwind campaign the Hon. Charles Towne is making in Minnesota for Champ Clark would be rightly labeled if the "whirl" was left off.

The Akeley Herald says that "sixty-six more postal bank depositors will be started throughout the state of Minnesota June 1st." What are these depositors supposed to do when they start out.

Jack Rider, well known to the newspaper fraternity of Minnesota and to those who kept track of political history in the state in years gone by, has been appointed chief of police at Omaha under the commission forth of government. Time was when "Jack" would not have cared for that kind of a political game.

James Peterson, of Minneapolis, is out for Senator Knute Nelson's place in congress and expects the support of the so-called progressive league of which he is the Minneapolis leader. Senator Nelson has not yet announced his candidacy for re-election but his friends say he is in the field—and his friends are legion.

Local printing concerns in Brainerd, as well as in all sections of the country, have been receiving notices from all of the wholesale houses of the country advising them of an advance of 10 per cent in all grades of paper, and the further announcement that conditions indicate a further advance very soon. The increased cost of production is evidenced in all lines.

Not a democrat could be found in St. Cloud on the occasion of the visit of C. A. Walsh, of Iowa, and Hon. Frank Pettigrew, of South Dakota, Tuesday evening in the interests of Champ Clark for the presidency to introduce them to the audience and it was left to a republican. Talk about party harmony, when a democratic city like St. Cloud is in that frame of mind there is liable to be some fireworks at the wind-up.

The Mezeppa Journal takes a slap at L. A. Caswell, clerk of the supreme

court, and who has just emerged from a state campaign in Minnesota all covered with glory, by stating that he is spending all his time running the Roosevelt end of the political game and that he gets from \$7,000 to \$15,000 a year in fees. No matter how much one may differ from the opinions of Mr. Caswell he certainly is absolutely clean and honest and stands out for what he thinks is right and is not afraid to say so, and it is not a matter of record that his official duties have been neglected. As to his salary, or fees, it is quite likely that Caswell would be glad to be shown where he gets the \$15,000.

**A bigger balance
in our Bank will make
you happier.**
What gives a man a happier or a more satisfied feeling than to know he
has some money tucked away in the bank. He is safe from worry over un-
looked-for calamity; he is piling up something for his future and acquir-
ing the respect of the men in his community, and as he sees his balance
grow from day to day and from week to week, his happiness and self-re-
liance grow with it.

Entered at the post office at Brainerd,
Minn., as second class matter

WEDNESDAY, MAY 22, 1912.

Brainerd Weather Bureau
Temperature taken by Theo.
Miller, Cooperative Observer

May 21, 1912, maximum tempera-
ture, 67 degrees above zero.
May 22, 1912, minimum tempera-
ture, 46 degrees above zero.
The U. S. weather bureau forecast
is: "Showers tonight or Thursday.
Cooler south and west portions to-
morrow."

The Little Falls Transcript thinks
that the whirlwind campaign the Hon.
Charles Towne is making in Minne-
sota for Champ Clark would be right-
ly labeled if the "whirl" was left off.

The Akeley Herald says that "six-
ty-six more postal bank depositors
will be started throughout the state
of Minnesota June 1st." What are
these depositors supposed to do when
they start out.

Jack Rider, well known to the
newspaper fraternity of Minnesota
and to those who kept track of politi-
cal history in the state in years gone
by, has been appointed chief of police
at Omaha under the commission form
of government. Time was when
"Jack" would not have cared for that
kind of a political game.

James Peterson, of Minneapolis, is
out for Senator Knute Nelson's place
in congress and expects the support
of the so-called progressive league of
which he is the Minneapolis leader.
Senator Nelson has not yet an-
nounced his candidacy for re-election
but his friends say he is in the field
—and his friends are legion.

Local printing concerns in Brainerd,
as well as in all sections of the
country, have been receiving notices
from all of the wholesale houses of
the country advising them of an ad-
vance of 10 per cent in all grades of
paper, and the further announcement
that conditions indicate a further ad-
vance very soon. The increased cost
of production is evidenced in all lines.

Not a democrat could be found in
St. Cloud on the occasion of the visit
of C. A. Walsh, of Iowa, and Hon.
Frank Pettigrew, of South Dakota,
Tuesday evening in the interests of
Champ Clark for the presidency to in-
troduce them to the audience and it
was left to a republican. Talk about
party harmony, when a democratic
city like St. Cloud is in that frame of
mind there is liable to be some fire-
works at the wind-up.

The Mezeppa Journal takes a slap
at L. A. Caswell, clerk of the supreme

court, and who has just emerged from
a state campaign in Minnesota all
covered with glory, by stating that he
is spending all his time running the
Roosevelt end of the political game
and that he gets from \$7,000 to \$15,-
000 a year in fees. No matter how
much one may differ from the opin-
ions of Mr. Caswell he certainly is ab-
solutely clean and honest and stands
out for what he thinks is right and is
not afraid to say so, and it is not a
matter of record that his official du-
ties have been neglected. As to his
salary, or fees, it is quite likely that
Caswell would be glad to be shown
where he gets the \$15,000.

A section of the city which has de-
veloped into a perfect beauty spot is
on the corner of South Seventh and
Quince streets. Here Rev. M. L. Hos-
tater and J. I. Dillan first erected
houses. Rev. Hostater sold his home
and built another pretty residence
across the street and to the north.
Near him and on the northeast corner
Christ Schwabe has built a handsome
residence, two stories in height,
with ample porches. The southsid-
ers in this section take the most in-
tense interest in their homes and
their surroundings and are working
continually to improve their lawns,
etc. They certainly set an example
to many other sections of the city.

J. E. McKeen, 1301 Cleveland St.,
Wichita, Kansas, reports: "I suf-
fered from kidney trouble, had se-
vere pains across my back, and was
all played out. I began taking Foley
Kidney Pills and soon there was a de-
cided improvement. Finally the pain
left entirely and I am fully cured of
all my kidney trouble." For sale by

CHARLEY TOWNE TO SPEAK TONIGHT

Well Known Former Congressman of
Minnesota Arrives in City From
New York

HE MEETS MANY OLD FRIENDS

"So I Am to Appear Tonight With
Bob Fitzsimmons," said Towne
to the Committee

Charles A. Towne, or Charley
Towne as his friends call him, arrived
in Brainerd this afternoon and will
deliver an address on the democratic
campaign, at the opera house this
evening.

The former Minnesota senator and
congressman, now a prominent resi-
dent of New York, was just as whole-
souled and democratic in manner as
ever. When he alighted from the
passenger coach, the first man he saw
was Jerry Glunt.

"Well, how are you Jerry," said
Towne. He had not seen him for
many years but he remembered the
Northern Pacific yardmaster as soon
as he faced him.

"I don't think you have changed a
bit, Charlie," said Con O'Brien.

"Well, not much," said Towne.
"Except that down in St. Paul the
boys said it was a case of a little
more meat and a little less hair."

"And so you have me billed with
Bob Fitzsimmons tonight," said
Towne, addressing Mayor H. P. Dunn.
"Well, Bob, is a good fellow and we'll
get along without a fight."

At the depot Mr. Towne was met
by Senator C. D. Johnson, J. H. Koop,
John T. Imgrund, James Cullen, Co.
O'Brien, H. W. Linnemann and other
representatives of local democracy
and he was escorted to the hotel.

Mr. Towne speaks this evening at
7.30 at the opera house, before the
Bob Fitzsimmons show. He is a mas-
terful speaker and will in his address
outline the status of the democratic
presidential candidates.

A speech by Charles A. Towne may
be considered an event in any com-
munity so favored as to have him as
its guest and no one should miss hear-
ing him.

HOOK AND LADDER CO. NO. 1

Elects Delegates to State Fire Meet-
ing and Names Officers for the
Ensuing Year

At the regular meeting of Hook and
Ladder Co. No. 1 held on Tuesday eve-
ning at the Central hose house the fol-
lowing officers were elected for the
ensuing year:

Foreman—R. H. Paine.
First Assistant—C. W. Hoffman.
Second Assistant—Wm. Turcotte.
Secretary—C. H. Paine.
Treasurer—Frank G. Hall.
Finance Committee—W. A. Spencer,
C. W. Hoffman, E. W. Paine.

The following delegates and alter-
nates were elected to attend the meet-
ing of the state fire association to be
held in Minneapolis in June: Wm.
Turcotte, alternate A. L. Hoffman;
Frank G. Hall, alternate R. H. Paine.
Two new members were added to
the roll and a committee on by-laws
was appointed to report at a meet-
ing to be called by the foreman for
the discussion and adoption of the
same.

Leroy Thacker, Watertown, S. D.,
says: "I suffered with rheumatism
for over 8 years, and it seemed at times
I would go crazy with pain. Three
bottles of Foley Kidney Pills cured
my rheumatism and I gladly recom-
mend them." For sale by all drug-
gists. mwf

LATER RETURNS ON OHIO CONTEST

Special to Dispatch:—
Columbus, Ohio, May 22, 12:20 P.
M.—Late returns indicate that Roose-
velt secured six delegates at large and
thirty-two district delegates, making
a total of thirty-eight to Taft's ten.
Harmon carried the state for demo-
cratic delegates at large, but Wilson
secured at least eighteen district de-
legates.

BUSH IS RIGHT THERE

Missoula Wins Salt Lake Game by
the Score of 9 to 3, Bush Rap-
ping Out 3 Base Hit

Bush was in evidence at Salt Lake
on May 19 when pitching a fast game
the Missoula team won from Salt Lake
by a score of 9 to 3. Annis pitcher
1-3 of an inning and in that time,
which must have been his off day,
gave 3 bases on balls. He was quick-
ly succeeded by Bush who immedi-
ately braced up the team.

In the game Bush struck out 7,
made a run and hit a three bagger.
His record was: At bat 4, runs 1,
hits 2, put out 1, assist 0, error 0, cer-
tainly a nice line of work and one that
equals the best of them.

The second game of the double
header, with Quick, Sparks and Zax-
bush alternately occupying the box,
resulted in a defeat of Missoula, the
score being 13 to 9.

Mrs. M. Bishop, Columbus, Kan-
sas, suffered from a weak back a good
many years, as a result of kidney
trouble. "I began taking Foley Kid-
ney Pills and soon after the pain left
my back and today I am fully cured." For sale by all druggists. mwf

CUYUNA RANGE REVIEW

Duluth Herald Published a Compre-
hensive Write up of the Iron
Range, Work of Geo. Reid

The Duluth Herald published a
Cuyuna range review, the work of
George I. Reid, which covered in a
comprehensive manner the work of
exploration and mining accomplished
on the range to the present date.
The review was illustrated with num-
erous views of the mines of the range.

This range review is but one of the
many indications of the continued
interest which the Duluth Herald
takes in the Cuyuna range. The Her-
ald publishes more range news than
any other large city daily.

Mr. Reid, of the Herald staff, did
commendable work, visiting all the
mines and gathering his information
first hand. He is certain the Cuy-
una will excel the Mesabe in extent
and richness.

Jas. C. Dahlmann, serving his
third term as mayor, Omaha, Neb.,
again was successful in receiving the
overwhelming support of the voters
in the primary election. He also
successfully rid himself of a bad case
of kidney trouble by the aid of Foley
Kidney Pills, and writes: "I have
taken Foley Kidney Pills and they
have given me a great deal of relief,
so I cheerfully recommend them."
What Foley Kidney Pills have done
for Mayor Dahlmann they will do
for any other person bothered with
backache, rheumatism, or any other
form of kidney or bladder trouble.
Just try them for quick and per-
manent results. For sale by all drug-
gists. mwf

"UNIVERSITY WEEK" BEGINS JUNE 17

Series of Six Popular Entertainments
and Lectures Will be Given at
Brainerd Opera House

GETS HEARTY COMMENDATION

Brainerd One of Six Cities to Enjoy
This Offering of the University
of Minnesota

To the Public:

It is with a feeling of civic pride,
that the undersigned make announce-
ment of University Week, June 17-
22 next, and call upon the people of
Brainerd and vicinity to give it their
heartly support and encouragement. In
common with six other cities of nor-
thern Minnesota this city will be pri-
vileged to enjoy six days of high class
entertainment, mingled with popu-
lar instruction, and morning, after-
noon and evening programs of excep-
tional merit in which men and women
of the highest culture and ability will
participate. The week will bring to
Brainerd an opportunity which will
give it a commanding position among
the communities of the entire state
and civic pride and loyalty demands
our most enthusiastic support.

Six popular entertainments and lec-
tures will be given during the week
in the Brainerd opera house as fol-
lows:

1. The University Dramatic Club
in "Merchant of Venice."
2. The Wonders of the Gyroscope
and Liquid Air.
3. Illustrated Exposition of Min-
nesota's School System.
4. The Latest Word on "Art in
Common Things."

5. President Vincent, Dr. Richard
Burton, or Dr. Hardin Craig, in Popu-
lar Lectures.
6. The University Glee Club.

In announcing University Week it
is our desire to bring the benefits of
the entire program within the reach
of all, and while taken separately
each evening program would involve
a large expense, we are able to offer
a season ticket, which will entitle the
holder to a reserved seat for each eve-
ning's entertainment and program for
\$1.50. This is made possible by
means of an appropriation from the
state, which is devoted by the uni-
versity to help defray the heavy ex-
pense involved in the week's program.

The season tickets will be placed on
sale at the opera house box office
Thursday morning, May 23, at 9
o'clock, and those purchasing them
can then select and reserve the seats
desired for the entire week. After
purchasing the season ticket you will
have no further trouble, but will find
the seat you have selected awaiting you
each evening.

We assert without hesitation that
University Week should have not
only the moral backing, but the finan-
cial backing and co-operation of every
citizen. No one can afford to miss
this opportunity.

For further particulars and details
information can be secured from mem-
bers of the board of education, the of-
ficers of the Commercial club, the
Brainerd Musical club, the Dramatic
League, the superintendent of schools,
officers of the University alumni as-
sociation and the manager of the
Brainerd opera house.

Respectfully and enthusiastically
submitted for your patronage,

For the board of education

W. E. ERICKSON,
President.

LOUIS H. HOHMAN,
Secretary.

For the Commercial club

CARL ZAPPE,
President.

E. R. SMITH,
Secretary.

For the Brainerd Musical club

MRS. HENRY I. COHEN,
President.

MRS. J. A. THABES,
Secretary.

For the Dramatic League

MRS. W. A. FLEMING,
Chairman.

MRS. W. COURTNEY,
Secretary.

W. C. COBB,
Supt. of Schools.

W. H. GEMMELL,
University Alumni Assn.

Mrs. Wm. A. Allen, Chacon, New
Mexico, had so severe a cough that it
nearly choked her to death. Mr.
Allen says: "We tried many things
without helping her when by good
luck I got a bottle of Foley's Honey
and Tar Compound. It helped her
at once and finally cured her. It is
the best medicine we ever used." For sale by all druggists. mwf

(Official publication)

RESOLUTION

Be it resolved, that the Water &
Light Board be and it hereby is au-
thorized to expend such sum as is
necessary to remove the electric light
poles from Front Street and Laurel
Street to the alleys.

Adopted May 20th, 1912.

C. B. ROWLEY,
President of the Council.

Approved May 22nd, 1912.

H. P. DUNN,
Mayor.

Attest:
V. N. RODERICK,
City Clerk.

Published May 22nd, 1912.

FILES CURED IN 6 TO 14 DAYS
Your druggist will refund money if PA-
ZO OINTMENT fails to cure any case of
itching, blind, bleeding or protruding
Piles in 6 to 14 days. 50c. mwf

ROOSEVELT GETS MOST OF OHIO

Special to Dispatch:

Cincinnati, Ohio, May 22—Incom-
plete returns of the presidential pri-
mary indicate that Roosevelt secured
six delegates at large and 28 of 42 dis-
trict delegates.

The Wilson managers claim 30 of
48 delegates to the democratic con-
vention, Harmon securing the bal-
ance.

CONCERT FRIDAY EVENING

Given by Choir of First Presbyterian
Church on May 24. Program
pearing Tomorrow

The choir of the First Presbyterian
church will give a concert at Elk hall
on Friday evening, May 24 and some
of the best talent of the city will take
part in the program, the complete
program being published in Thurs-
day's Dispatch. The concert will
commence at 8:15 P. M.

SOCIALISTS WILL ENTER THE FIELD

Rumored that R. A. Henning and Wil-
mer Holmes are to Enter Race
For the Legislature

J. HENRY LONG FOR CO. ATTY.

The Party, it is Said, Will Put in a
Full Ticket at the 1913 City
Election

With activity apparent in the re-
publican and democratic ranks of the
city, the socialists have not been
quiescent either. From local rumors
it is apparent that the party will have
two candidates in the field for the
legislature, R. A. Henning and Wil-
mer Holmes probably being the nomi-
nees of the party for representatives
from this district.

In the way of candidates for coun-
ty offices there will be but one, it is
thought, he being Jay Henry Long
who will make the run for county at-
torney.

This seems at the present time to
represent the sum total of the activi-
ty of the socialists. But a differ-
ent aspect of affairs is visible when one
takes up the coming campaign for
the 1912 city election. It is reported
that the socialists will have a com-
plete ticket in the field and will wage
a lively campaign.

MUSIC AND DRAMA

Bob Fitzsimmons Tonight

"A Fight For Love," which Bob
Fitzsimmons is starring in is a four
act drama by Hal Reid. It tells a
story of love, honor and devotion.
How a scheming villain has a horse
shod wrong in order to compromise
the banker's daughter so she would
have to marry him. The horse is tak-
en to a near-by blacksmith shop where
Bob Fitzsimmons is a blacksmith. He
exposes the villain. And alterations
start, the villain is knocked out and
Bob rescues the girl who immediately
falls in love with him. The father
learning of their love, gives his daugh-
ter to the poor blacksmith, settles a
nice sum of money upon him and
everything ends happily. Miss May-
belle Byrnes who is supporting Mr.
Fitzsimmons is a very beautiful and
talented actress. At the opera house
tonight.

Was a Very Good Show

The Albini-Avalo aggregation
played to a good house at the opera
house last evening and the show cer-
tainly fulfilled all the expectations
created by advance stories. There
were eight numbers on the program
and the vaudeville performances were
of the highest order of merit. These
embraced Onetta, Mlle. DeVallance,
Colby & Way, the Allen sisters, Tom
Brantford and the four Avolos, xylo-
phonists. The Avolos gave a program
of popular and classical selections,
including the "Avolo March," com-
posed by Charles Avolo.

Albini revealed the methods used
by Anna Eva Fay, showed how table
lifting was accomplished, exposed the
handcuff trick, slate writing, the ring
trick and other performances. His
exposition was very interesting.
There is but one criticism to offer
here. His talk was interspersed with
too many violent expletives, too much
Joe Cannon talk.

The performance closed with the
mystery, Astra, where the body of a
woman is spirited from the robes en-
casing her. Her body appears to be
held in suspension in the air and the
mystery becomes more mystifying when
Albini grasps the robe from the air.
The woman has vanished.

How's This

We offer One Hundred Dollars Re-
ward for any cases of Catarrh that can-
not be cured by Hall's Catarrh Cure.

"MICHAEL'S"

WRITES OF HIS SOUTHERN TRIP

Judge G. W. Holland Relates to Dis-
patch Readers' Industrial Con-
ditions of the South

THE GREAT FLAGLER RAILROAD

Stopped at a Flagler Hotel Whose
Rear Room Was 1-5 Mile From
Clerk's Desk

Judge G. W. Holland has kindly
favored Dispatch readers with a de-
scription of his recent trip through-
out the southern states and his ac-
count is of exceeding interest. He
states:

I left Brainerd on the 1:25 P. M.
train February 25th last for the Twin
Cities. The union depot in St.
Paul I took a train for Chicago, and
should have been there at seven the
next morning but there was a snow
storm that night which delayed our
Chicago arrival five hours. In Brainerd
when the thermometer was 30 to
40 degrees below zero I did not think
of wearing an overcoat to go from the
office to the hotel. During the few
days I remained in Chicago I did not
attempt to go outside of the hotel
without wearing my overcoat, al-
though there was water on the side-
walks and streets and a mist in the
air which wet you as soon as a rain-
fall. The Chicago weather for a few
days after my arrival there was the
worst I ever experienced. I finally
froze out in Chicago and went south.
Stopped at several places in Tennes-
see, Mississippi, Alabama, Georgia
and Florida.

I had heard much about Birming-
ham, Alabama, and stopped there a
few days. She has coal mines and
iron mines all about her and from
the innumerable smoke stacks you
see in the city it would seem that the
coal is burned and the iron manu-
factured in the city. She has a popu-
lation of over 132,000 and the ener-
gy, push and vim of a northern city.
She is progressing ahead very nicely.
Near the Hillman hotel where I was
stopping, there were several skyscrap-
ers and one being built. The iron
work on the one building was up
twenty stories then but I could not
find any one who knew whether it
was going higher or not.

I went from Birmingham to Atlan-
ta, Georgia, where my stay was short,
and then on to Jacksonville, Florida.
Jacksonville is a city of over 57,000
people. It is a railroad center and
her boating business by the ocean at St.
John's river is considerable. I was
there once before twenty odd years
ago, but I would not have known the
place this time except for its location
on the St. John's river. Could not re-
member a building and presume very
few of the permanent business build-
ings now occupied were there then.
After remaining in Jacksonville a few
days I started for Key West, 522
miles south. Going there I went in
daylight. I went on the Florida East
Coast railway, which runs along the
Atlantic ocean all the way. I first
stopped at St. Augustine, 37 miles
south of Jacksonville. I went to the
Ponce de Leon hotel. This is a Flag-
ler hotel. He owns the Alcazar which
was built by another man but fell in-
to possession of Flagler. Soon after
reaching the hotel I went out and the
first hack driver I met I got into his
hack and told him to show me every
place in the city that was old and
talked of. The first house he showed
me was built in 1516 by a Spaniard
for himself and his squaw wife to live
in. He says that was the first build-
ing that was built on the American
continent. The next place was the
old Spanish Slave market, then the
(Continued on page 4)

THE GRAND

Brainerd's most popular place of amusement and the only picture the-
atre in the city that employs union labor.

We show more paid admissions every week than the Opera
House and the Empress Theatre combined. Why? Because we have
the seating capacity and the extra attractions affords our patrons the
best show possible for the admission charged.

Nothing but acts of merit and the very latest in motion pictures
will be shown, and Billy Vernon's Singing is a recognized feature of
our show.

Come to the Grand

and you will be convinced that we are not obtaining money under
false pretences.

KEEN KUTTER
LAWN
MOWERS

So light running
that your "youngest" can now mow the lawn
without help.

KEEN KUTTER Mowers are fast cutting and easy
running because of the double gear and the fine ball
bearings. A KEEN KUTTER will last longer than any
mower on the market and is easily kept keen and
sharp. To sharpen, merely reverse the blades and
they sharpen themselves. A cheap mower will cost
more in the end on account of repairs, will not do
the work properly and will require twice as much
labor.

Prices, \$6.75 to \$15.00.

Other Mowers from \$3.00 up.

Slipp=Gruenhagen Co.

"The House Of Quality"

Phone 104 217-219 Seventh St. So.

How about your Lawn?

A nice, well kept lawn makes the
appearance of your home a whole lot
more beautiful and with a good lawn
mower very little work is required.

We Sell those good Lawn Mowers

And can offer you your choice of twenty
different styles ranging in price from
\$2.75 to \$12.00.

We sell only reliable Merchandise

CHARLEY TOWNE TO SPEAK TONIGHT

Well Known Former Congressman of Minnesota Arrives in City From New York

HE MEETS MANY OLD FRIENDS

"So I Am to Appear Tonight With Bob Fitzsimmons," said Towne to the Committee

Charles A. Towne, or Charley Towne as his friends call him, arrived in Brainerd this afternoon and will deliver an address on the democratic campaign, at the opera house this evening.

The former Minnesota senator and congressman, now a prominent resident of New York, was just as whole-souled and democratic in manner as ever. When he alighted from the passenger coach, the first man he saw was Jerry Glunt.

"Well, how are you Jerry," said Towne. He had not seen him for many years but he remembered the Northern Pacific yardmaster as soon as he faced him.

"I don't think you have changed a bit, Charley," said Con O'Brien.

"Well, not much," said Towne. "Except that down in St. Paul the boys said it was a case of a little more meat and a little less hair."

"And so you have me billed with Bob Fitzsimmons tonight," said Towne, addressing Mayor H. P. Dunn. "Well, Bob, is a good fellow and we'll get along without a fight."

At the depot Mr. Towne was met by Senator C. D. Johnson, J. H. Koop, John T. Imgrund, James Cullen, Co. C'Brien, H. W. Linnemann and other representatives of local democracy and he was escorted to the hotel.

Mr. Towne speaks this evening at 7:30 at the opera house, before the Bob Fitzsimmons show. He is a magnetic speaker and will in his address outline the status of the democratic presidential candidates.

A speech by Charles A. Towne may be considered an event in any community so favored as to have him as its guest and no one should miss hearing him.

HOOK AND LADDER CO. NO. 1

Elects Delegates to State Fire Meeting and Names Officers for the Ensuing Year

At the regular meeting of Hook and Ladder Co. No. 1 held on Tuesday evening at the Central hose house the following officers were elected for the ensuing year:

Foreman—R. H. Paine.
First Assistant—C. W. Hoffman.
Second Assistant—Wm. Turcotte.
Secretary—C. H. Paine.
Treasurer—Frank G. Hall.
Finance Committee—W. A. Spencer, C. W. Hoffman, E. W. Paine.

The following delegates and alternates were elected to attend the meeting of the state fire association to be held in Minneapolis in June: Wm. Turcotte, alternate A. L. Hoffman; Frank G. Hall, alternate R. H. Paine. Two new members were added to the roll and a committee on by-laws was appointed to report at a meeting to be called by the foreman for the discussion and adoption of the same.

Leroy Thacker, Watertown, S. D., says: "I suffered with rheumatism for over 8 years, and it seemed at times I would go crazy with pain. Three bottles of Foley Kidney Pills cured my rheumatism and I gladly recommend them." For sale by all druggists. mwf

LATER RETURNS ON OHIO CONTEST

Special to Dispatch:—

Columbus, Ohio, May 22, 12:20 P. M.—Late returns indicate that Roosevelt secured six delegates at large and thirty-two district delegates, making a total of thirty-eight to Taft's ten. Harmon carried the state for democratic delegates at large, but Wilson secured at least eighteen district delegates.

BUSH IS RIGHT THERE

Missoula Wins Salt Lake Game by the Score of 9 to 3, Bush Rapping Out 3 Base Hit

Bush was in evidence at Salt Lake on May 19 when pitching a fast game the Missoula team won from Salt Lake by a score of 9 to 3. Annis pitcher 1-3 of an inning and in that time, which must have been his off day, gave 3 bases on balls. He was quickly succeeded by Bush who immediately braced up the team.

In the game Bush struck out 7, made a run and hit a three bagger. His record was: At bat 4, runs 1, hits 2, put out 1, assist 1, error 0, certainly a nice line of work and one that equals the best of them.

The second game of the double header, with Quick, Sparks and Zamloch alternately occupying the box, resulted in a defeat of Missoula, the score being 13 to 9.

Mrs. M. Bishop, Columbus, Kansas, suffered from a weak back a good many years, as a result of kidney trouble. "I began taking Foley Kidney Pills and soon after the pain left my back and today I am fully cured." For sale by all druggists. mwf

CUYUNA RANGE REVIEW

Duluth Herald Published a Comprehensive Write up of the Iron Range, Work of Geo. Reid

The Duluth Herald published a Cuyuna range review, the work of George I. Reid, which covered in a comprehensive manner the work of exploration and mining accomplished on the range to the present date. The review was illustrated with numerous views of the mines of the range.

This range review is but one of the many indications of the continued interest which the Duluth Herald takes in the Cuyuna range. The Herald publishes more range news than any other large city daily.

Mr. Reid, of the Herald staff, did commendable work, visiting all the mines and gathering his information first hand. He is certain the Cuyuna will excel the Mesabi in extent and richness.

Jas. C. Dahmann, serving his third term as mayor, Omaha, Neb., again was successful in receiving the overwhelming support of the voters in the primary election. He also successfully rid himself of a bad case of kidney trouble by the aid of Foley Kidney Pills, and writes: "I have taken Foley Kidney Pills and they have given me a great deal of relief, so I cheerfully recommend them."

What Foley Kidney Pills have done for Mayor Dahmann they will do for any other person bothered with backache, rheumatism, or any other form of kidney or bladder trouble. Just try them for quick and permanent results. For sale by all druggists. mwf

"UNIVERSITY WEEK" BEGINS JUNE 17

Series of Six Popular Entertainments and Lectures Will be Given at Brainerd Opera House

GETS HEARTY COMMENDATION

Brainerd One of Six Cities to Enjoy This Offering of the University of Minnesota

To the Public:

It is with a feeling of civic pride, that the undersigned make announcement of University Week, June 17-22 next, and call upon the people of Brainerd and vicinity to give it their hearty support and encouragement. In common with six other cities of northern Minnesota this city will be privileged to enjoy six days of high class entertainment, mingled with popular instruction, and morning, afternoon and evening programs of exceptional merit in which men and women of the highest culture and ability will participate. The week will bring to Brainerd an opportunity which will give it a commanding position among the communities of the entire state and civic pride and loyalty demands our most enthusiastic support.

Six popular entertainments and lectures will be given during the week in the Brainerd opera house as follows:

1. The University Dramatic Club in "Merchant of Venice."
2. The Wonders of the Gyroscope and Liquid Air.
3. Illustrated Exposition of Minnesota's School System.
4. The Latest Word on "Art in Common Things."
5. President Vincent, Dr. Richard Burton, or Dr. Hardin Craig, in Popular Lectures.
6. The University Glee Club.

In announcing University Week it is our desire to bring the benefits of the entire program within the reach of all, and while taken separately each evening program would involve a large expense, we are able to offer a season ticket, which will entitle the holder to a reserved seat for each evening's entertainment and program for \$1.50. This is made possible by means of an appropriation from the state, which is devoted by the university to help defray the heavy expense involved in the week's program.

The season tickets will be placed on sale at the opera house box office Thursday morning, May 23, at 9 o'clock, and those purchasing them can then select and reserve the seats desired for the entire week. After purchasing the season ticket you will have no further trouble, but will find the seat you have selected awaiting you each evening.

We assert without hesitation that University Week should have not only the moral backing, but the financial backing and co-operation of every citizen. No one can afford to miss this opportunity.

For further particulars and details information can be secured from members of the board of education, the officers of the Commercial club, the Brainerd Musical club, the Dramatic League, the superintendent of schools, officers of the University alumni association and the manager of the Brainerd opera house.

Respectfully and enthusiastically submitted for your patronage,

For the board of education

ROOSEVELT GETS MOST OF OHIO

Special to Dispatch:

Cincinnati, Ohio, May 22—Incomplete returns of the presidential primary indicate that Roosevelt secured six delegates at large and 28 of 42 district delegates.

The Wilson managers claim 30 of 48 delegates to the democratic convention, Harmon securing the balance.

CONCERT FRIDAY EVENING

Given by Choir of First Presbyterian Church on May 24, Program peering Tomorrow

The choir of the First Presbyterian church will give a concert at EIK hall on Friday evening, May 24 and some of the best talent of the city will take part in the program, the complete program being published in Thursday's Dispatch. The concert will commence at 8:15 P. M.

SOCIALISTS WILL ENTER THE FIELD

Rumored that R. A. Henning and Wilmer Holmes are to Enter Race For the Legislature

J. HENRY LONG FOR CO. ATTY.

The Party, it is Said, Will Put in a Full Ticket at the 1913 City Election

With activity apparent in the republican and democratic ranks of the city, the socialists have not been quiescent either. From local rumors it is apparent that the party will have two candidates in the field for the legislature, R. A. Henning and Wilmer Holmes probably being the nominees of the party for representatives from this district.

In the way of candidates for county offices there will be but one, it is thought, he being Jay Henry Long who will make the run for county attorney.

This seems at the present time to represent the sum total of the activity of the socialists. But a differ aspect of affairs is visible when one takes up the coming campaign for the 1912 city election. It is reported that the socialists will have a complete ticket in the field and will wage a lively campaign.

MUSIC AND DRAMA

Bob Fitzsimmons Tonight

"A Fight For Love," which Bob Fitzsimmons is starring in is a four act drama by Hal Reid. It tells a story of love, honor and devotion. How a scheming villain has a horse shot wrong in order to compromise the banker's daughter so she would have to marry him. The horse is taken to a near-by blacksmith shop where Bob Fitzsimmons is a blacksmith. He exposes the villain. And alterations start, the villain is knocked out and Bob rescues the girl who immediately falls in love with him. The father learning of their love, gives his daughter to the poor blacksmith, settles a nice sum of money upon him and everything ends happily. Miss Maybelle Byrnes who is supporting Mr. Fitzsimmons is a very beautiful and talented actress. At the opera house tonight.

Was a Very Good Show

The Albini-Avalo aggregation played to a good house at the opera house last evening and the show certainly fulfilled all the expectations created by advance stories. There were eight numbers on the program and the vaudeville performances were of the highest order of merit. These embraced Onetta, Mlle. DeVallance, Colby & Way, the Allen sisters, Tom Branford and the four Avolos, xylophonists. The Avolos gave a program of popular and classical selections, including the "Avolo March," composed by Charles Avolo.

Albini revealed the methods used by Anna Eva Fay, showed how table lifting was accomplished, exposed the handkerchief trick, slate writing, the ring trick and other performances. His exposition was very interesting. There is but one criticism to offer here. His talk was interspersed with too many violent expletives, too much Joe Cannon talk.

The performance closed with the mystery, Astra, where the body of a woman is spirited from the robes enclosing her. Her body appears to be held in suspension in the air and the mystery becomes more mystifying when Albini grasps the robe from the air. The woman has vanished.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Toledo, O. We, the undersigned, have known F. J. WRITES OF HIS SOUTHERN TRIP

(Continued from page three)

Convent, and later various other buildings. We then passed a very fine church building. The driver said that building was built by Mr. Flagler and presented to the Methodist society. After he took me back to the hotel I concluded to examine the hotel and grounds as they were superior to anything I had ever seen. The hotel and grounds occupy four (4) blocks and the streets between the blocks. The grounds around the hotel are covered with palm, cocoanut and other southern trees. The grounds, building and furniture seemed as perfect as money could make them. I took considerable interest in the hotel as it was the largest I had ever seen. The people there claimed they had 4000 population. There was nothing doing except at the hotel. All the guests at the hotel were tourists. After doing the town I continued on south to New Smyrna, a distance of 125 miles south of Jacksonville. This is a sea-shore town, kept alive by tourists. Flagler has no hotel there. Still the accommodations are sufficient for too big a bunch of tourists do not happen there at the same time.

After a day's stay there, I went south to Palm Beach, 300 miles south of Jacksonville. Here I stopped at the Royal Poinciana hotel. This is a Flagler hotel, and I think he owns the Breakers. When I got off the train an employee of the hotel took my suitcase and we started for the hotel which is 15 or 20 rods distant. The walk all the way to the hotel is covered so if it rains ever so hard you do not get wet. After we got to the hotel we went up to the second story of the building and started for the clerk's office. After we had walked until I began to get tired I stopped the colored man carrying my grip and asked him when we could get out of a side door. "What for do you want to get out of a side door?" I suggested if we could catch a street car and go the rest of the way to the clerk's office it would be easier. "There is no street out there and no street car," he said. "Nothing much in this town but this hotel and one more." So we walked on to the clerk's office and after fifty or seventy-five registered I registered and a bell boy showed me my room. When ready I went into the dining room and was seated. After the waiter took my order I counted the tables in the dining room. There were over four hundred and all capable of seating four and some six. When the waiter returned with my order I asked how many persons could eat at the same time in the dining room. He said the seating capacity of the dining room was 1600. If that number should finish their meals at one time and scatter about the hotel they could all find seats in the building and on the verandas. The front of the building is six or eight hundred feet in length and about eight stories high. The front of the hotel is at right angles to that part of the building we went through back to the clerk's office. From the front of the building back to the clerk's office is about 700 feet. The building from front to rear is 998 feet, nearly 1-5

COLIC

is a frequent result of improper feeding.

A frequent cause of colic is baby's inability to digest the hard curd of cow's milk. Mellin's Food softens this hard curd and makes it light and flocculent, like the curd in mother's milk and thus prevents colic. If your baby is troubled with colic, you should get for him today a bottle of Mellin's Food.

"Little Miss Alice Adelaide Reed is a big healthy baby; always had Mellin's Food. Weighs 20 pounds, nine months and ten days old. Is a good natured baby, never had colic and she loves her bottle."

Mrs. Reed, 212 Arlington St., Watertown, N.Y.

Write today for a free sample of Mellin's Food to try.

MELLIN'S FOOD CO. - BOSTON, MASS.

of a mile. If a man has a room at one end or the other of the front part of the building he will be about 1-5 of a mile away from the clerk's office. There are elevators to go up and down but no streets cars to get around the building. One evening I heard a band playing and went back toward where the sound came from to see what was going on. When I got back where the band was playing there was a room with tables and a seating capacity of about 150 persons. At that time there were about 100 persons sitting around tables in the room. A band on one side of the room would play a tune and then a bunch of colored men on the other side of the room would play a tune on their instruments and one of their number sing. On the other side of the hall from this room was a bar and half a dozen or more colored boys were bringing in beer and nearly every one in the room was drinking beer or other drinks. More than sixty per cent of the crowd were ladies. This is quite frequent and can be seen most any time at these large tourist hotels. The grounds about the hotel are quite extensive and covered with cocoanut trees bearing fruit. This is the largest hotel in the world and too large to suit some.

(To be continued)

Henry Ferris, Hadar, Neb., is the father of ten children and for the past 20 years has used Foley's Honey and Tar Compound with the best of results. He tells us: "I think Foley's Honey and Tar Compound is the best cough medicine in the world for I have used it for the past 20 years and can recommend it to anyone needing a cough medicine." For sale by all druggists. mwf

How Each Dollar Paid in Taxes is Divided Between the State and its Subdivisions

As explained in a previous article, there are five independent taxing powers under our system of government, the state, the county, the town and the village or city, and the school districts. Under certain limitations each of these units of government has the power to determine how much money it needs for the proper discharge of its functions. These amounts are certified to the county auditor. The auditor computes the rate of levy necessary to produce the required revenue for each district and extends the tax accordingly. The county treasurer collects the entire tax and pays each respective unit the proportion due it.

While the average taxpayer knows just how much money he paid for taxes last year, comparatively few know how much of such amount went to each unit of government, and for what purposes it was used. It is the purpose of this article to explain briefly how each dollar paid in taxes is divided between the state and its various subdivisions.

The total tax levy for 1911 for all purposes—state, county and local exclusive of special assessments for local improvements in cities and villages, amounted to \$34,034,658. The levy for the different units of government was as follows:

State, exclusive of schools and university	\$ 3,953,057
Counties	6,232,860
Towns	2,966,016
Cities and villages	9,178,998
Schools and university	11,703,731

Total ----- \$34,034,658
What portion of one dollar paid in taxes went to each of the different units of government, taking the state as a whole, is readily ascertained by applying the old "rule of three," or simple proportion. We thus find that of each dollar of taxes paid into county treasuries, the state received 11 1/2 cents, the county 18 1/2 cents, the town 8 3/4 cents, the cities and villages 27 cents, and the schools and university 24 1/2 cents.

It is interesting to note that of each dollar paid in taxes practically 88 1/2 cents are collected for local purpose while only 11 1/2 cents go into the

state treasury, and nearly all of this amount finds its way back into the local districts in state appropriations for roads and bridges and other purposes.

In 1910, of the 85 counties of the state, 77 received more money from the state treasury than they contributed to the state in taxes.

A subsequent article will show the particular purposes for which each dollar of taxes is spent, and who spends it; also the amount of revenue derived by the state from gross earnings and other special taxes, and what is done with it.

OFFERS BIG PRIZE FOR BEST WHEAT

Five Thousand Dollars Value
for Five Bushels of Grain.

SEVEN STATES TO COMPETE

Northwestern Products Exposition at Minneapolis Secures Big Four "30" Farm Tractor and Equipment to Award Grower of Best Wheat in AMERICAN Northwest.

Five thousand dollars for the best five bushels of wheat, any variety, grown in the AMERICAN Northwest is the prize announced as the grand champion sweepstakes to be awarded at the Northwestern Products Exposition to be held in Minneapolis Nov. 12 to 23.

This is the world's greatest prize for wheat—twice as large as any prize ever offered in Canada, five times as much as any prize ever offered for any class of grain in the United States. Announcement of this award has just been made by the Northwest Development League, under the auspices of which organization the seven states included in the AMERICAN Northwest, as represented by the League, are Minnesota, North Dakota, South Dakota, Montana, Idaho, Washington and Oregon.

A Practical Prize.

The prize consists of a Big Four "30" farm tractor manufactured by the Gas Traction Company of Minneapolis and Winnipeg and a set of plows manufactured by the Emerson-Brantingham Plow Company of Rockford, Ill. These companies, desiring to encourage farmers of the Northwest to grow more and better wheat, have given the league the outfit for certain considerations and the seven states will compete for the sweepstakes prize.

Winning this prize means that wheat awarded prizes at seven state fairs and scores of county fairs will be selected by a process of elimination and finally entered at the Northwestern Products Exposition in the grand champion sweepstakes class. There will be nothing in the rules, however, to prevent a grower exhibiting wheat to job has not been shown at any fair, but which will be entered for the first time to win the \$5,000 prize.

Judging of the wheat will be done by the accepted authorities on wheat judging in the United States.

Five bushel samples of threshed grain will be required and they must be exhibited with ten bundles from the same field which must be from six to ten inches in diameter. The threshed grain will be judged, not only by its external appearance but a certain part will be milled and baked into bread, a given number of points being allowed for the results in the milling and baking tests.

The Northwest Development League will undertake to deliver the farm tractor and plows to the winner free of cost.

What Tractors Will Do.
The Big Four "30" farm tractor and plows were selected for a prize because of their practicability. There is no agency which is playing a more important part in the development of the Northwest than the modern farm tractor. All over these seven states the giant horses are cutting the broad prairies into fertile farms. The wheat fields are already dotted with them. Every tractor placed in the Northwest will turn hundreds of acres of prairie into productive farms, making homes for settlers, creating traffic and new wealth.

Officers of the Northwest Development League have been considering giving a champion sweepstakes prize since the close of the "land show" held in St. Paul in 1911. They decided early to give a farm tractor and plows.

As Good as Gold.
The Big Four "30" was selected as the best engine; the Emerson plows as the most desirable tools to be obtained. By the terms offered the League could have secured most any tractor, but the Gas Traction company's engine was selected and negotiations opened for securing the great engine. The manufacturers generously offered to donate the tractor on certain terms and their offer was accepted.

Thus the world's greatest prize for wheat is offered. The Big Four "30" tractor has won the gold medal two years consecutively in the world's agricultural motor competition at Minneapolis and this had much to do with its selection by the Development League. The outfit is considered as desirable a prize as an equivalent amount of gold, as these automobile work horses are revolutionizing farming all over the world.

Such a tractor enables a farmer to almost do away with horses. Breaking and threshing are not the only things which the Big Four "30" tractor will do. It will work in soft ground drilling, dragging, discing, harrowing and harvesting. It has high, broad wheels which will work where horses cannot get a foothold. They distribute the weight of the tractor to such an extent that the pressure under the drivers is less per square inch than under a horse's hoof.

Full particulars will be sent on request by addressing Will A. Campbell, Security Bank Building, Minneapolis, Minn.

An Envious Job.
"Why do you say he has a good job? He's only a stationary fireman."
"I know. But he's a fireman in an ice plant. He can keep warm in the winter and cool off in the summer."—Buffalo Express.

Sound Coils.
Submarines, airships and the like can be steered along the path of a previously laid cable by use of sound coils. Vessels can thus be steered to avoid submarine mines and other hidden dangers.

A Shrewd Suggestion.
They tell a story in New Hampshire about a country squire before whom a man was arraigned for passing a counterfeit half dollar. The prisoner protested his innocence, on the ground that the date of the coin, 1859, showed that it could not have been in circulation so many years without being detected if it was counterfeit. The squire thought this a logical defense and discharged the prisoner. After the man had got out of the state some one suggested that the date might have been counterfeited as well as the coin, and then it was tested and melted in the flame of a candle.—St. Louis Globe-Democrat.

Satisfaction.
"Do you know that your attentions weary me?"
"Do they, indeed? I was beginning to feel that I had failed to make any impression whatever."—Cleveland Plain Dealer

of the twin city, with the most complete equipment for making ladies high grade suits and skirts. Every garment is guaranteed to be up to the standard in first class fit and workmanship. Every garment is under my supervision and every customer leaves here with full satisfaction. I wish to call your attention to the fact, that I will make and furnish all materials for your suit for \$27.75 and up.

All long coats to fit well and made after the latest styles with all materials furnished for \$25.00 and up. I will also make from your own materials, suits at a most reasonable and satisfactory price.

A cordial invitation is extended you, to visit my establishment when you are in St. Paul.

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to

WRITES OF HIS SOUTHERN TRIP

(Continued from page three)

Convent, and later various other buildings. We then passed a very fine church building. The driver said that building was built by Mr. Flagler and presented to the Methodist society. After he took me back to the hotel I concluded to examine the hotel and grounds as they were superior to anything I had ever seen. The hotel and grounds occupy four (4) blocks and the streets between the blocks. The grounds around the hotel are covered with palm, coconut and other southern trees. The grounds, building and furniture seemed as perfect as money could make them. I took considerable interest in the hotel as it was the largest I had ever seen. The people there claimed they had 4000 population. There was nothing doing except at the hotel. All the guests at the hotel were tourists. After doing the town I continued on south to New Smyrna, a distance of 125 miles south of Jacksonville. This is a sea-shore town, kept alive by tourists. Flagler has no hotel there. Still the accommodations are sufficient if too big a bunch of tourists do not happen there at the same time.

After a day's stay there, I went south to Palm Beach, 300 miles south of Jacksonville. Here I stopped at the Royal Poinciana hotel. This is a Flagler hotel, and I think he owns the Breakers. When I got off the train an employee of the hotel took my suitcase and we started for the hotel which is 15 or 20 rods distant. The walk all the way to the hotel is covered so if it rains ever so hard you do not get wet. After we got to the hotel we went up to the second story of the building and started for the clerk's office. After we had walked until I began to get tired I stopped the colored man carrying my grip and asked him when we could get out of a side door. "What for do you want to get out of a side door?" I suggested if we could catch a street car and go the rest of the way to the clerk's office it would be easier. "There is no street out there and no street car," he said. "Nothing much in this town but this hotel and one more." So we walked on to the clerk's office and after fifty or seventy-five registered I registered and a bell boy showed me my room. When ready I went into the dining room and was seated. After the waiter took my order I counted the tables in the dining room. There were over four hundred and all capable of seating four and some six. When the waiter returned with my order I asked how many persons could eat at the same time in the dining room. He said the seating capacity of the dining room was 1600. If that number should finish their meals at one time and scatter about the hotel they could all find seats in the building and on the verandas. The front of the building is six or eight hundred feet in length and about eight stories high. The front of the hotel is at right angles to that part of the building we went through back to the clerk's office. From the front of the building back to the clerk's office is about 700 feet. The building from front to rear is 998 feet, nearly 1-5

COLIC

is a frequent result of improper feeding.

A frequent cause of colic is baby's inability to digest the hard curd of cow's milk. Mellin's Food softens this hard curd and makes it light and flocculent, like the curd in mother's milk and thus prevents colic. If your baby is troubled with colic, you should get for him today a bottle of Mellin's Food.

"Little Miss Alice Adelaide Reed is a big healthy baby; always had Mellin's Food. Weighs 20 pounds, nine months and ten days old. Is a good natured baby, never had colic and she loves her bottle."

Mrs. Reed, 212 Arlington St., Watertown, N.Y.

OFFERS BIG PRIZE FOR BEST WHEAT

Five Thousand Dollars Value
for Five Bushels of Grain.

SEVEN STATES TO COMPETE

Northwestern Products Exposition at Minneapolis Secures Big Four "30" Farm Tractor and Equipment to Award Grower of Best Wheat in AMERICAN Northwest.

Five thousand dollars for the best five bushels of wheat, any variety, grown in the AMERICAN Northwest is the prize announced as the grand champion sweepstakes to be awarded at the Northwestern Products Exposition to be held in Minneapolis Nov. 12 to 23.

This is the world's greatest prize for wheat—twice as large as any prize ever offered in Canada, five times as much as any prize ever offered for any class of grain in the United States.

Announcement of this award has just been made by the Northwest Development League, under the auspices of which organization the seven states give the products exposition. The states included in the AMERICAN Northwest, as represented by the League, are Minnesota, North Dakota, South Dakota, Montana, Idaho, Washington and Oregon.

A Practical Prize.

The prize consists of a Big Four "30" farm tractor manufactured by the Gas Traction Company of Minneapolis and Winnipeg and a set of plows manufactured by the Emerson-Brantingham Plow Company of Rockford, Ill. These companies, desiring to encourage farmers of the Northwest to grow more and better wheat, have given the league the outfit for certain considerations and the seven states will compete for the sweepstakes prize.

Winning this prize means that wheat awarded prizes at seven state fairs and scores of county fairs will be selected by a process of elimination and finally entered at the Northwestern Products Exposition in the grand champion sweepstakes class. There will be nothing in the rules, however, to prevent a grower exhibiting wheat which has not been shown at any fair, but which will be entered for the first time will be the \$5,000 prize.

Judging of the wheat will be done by the accepted authorities on wheat judging in the United States.

Five bushel samples of threshed grain will be required and they must be exhibited with ten bundles from the same field which must be from six to ten inches in diameter. The threshed grain will be judged, not only by its external appearance but a certain part will be milled and baked into bread, a given number of points being allowed for the results in the milling and baking tests.

The Northwest Development League will undertake to deliver the farm tractor and plows to the winner free of cost.

What Tractors Will Do.

The Big Four "30" farm tractor and plows were selected for a prize because of their practicability. There is no agency which is playing a more important part in the development of the Northwest than the modern farm tractor. All over these seven states the giant horses are cutting the broad prairies into fertile farms. The wheat fields are already dotted with them. Every tractor placed in the Northwest will turn hundreds of acres of prairie into productive farms, making homes for settlers, creating traffic and new wealth.

Officers of the Northwest Development League have been considering giving a champion sweepstakes prize since the close of the "land show" held in St. Paul in 1911. They decided early to give a farm tractor and plows.

As Good as Gold.

The Big Four "30" was selected as the best engine; the Emerson plows as the most desirable tools to be obtained. By the terms offered the League could have secured most any tractor, but the Gas Traction company's engine was selected and negotiations opened for securing the great engine. The manufacturers generously offered to donate the tractor on certain terms and their offer was accepted.

Thus the world's greatest prize for wheat is offered. The Big Four "30" tractor has won the gold medal two years consecutively in the world's agricultural motor competition at Winnipeg and this had much to do with its selection by the Development League. The outfit is considered as desirable a prize as an equivalent amount of gold, as these automobile work horses are revolutionizing farming all over the world.

Such a tractor enables a farmer to almost do away with horses. Breaking and threshing are not the only things which the Big Four "30" tractor will do. It will work in soft ground drilling, dragging, discing, harrowing and harvesting. It has high, broad wheels which will work where horses cannot get a foothold. They distribute the weight of the tractor to such an extent that the pressure under the drivers is less per square inch than under a horse's hoof.

Full particulars will be sent on request by addressing Will A. Campbell, Security Bank Building, Minneapolis, Minn.

An Envious Job.

"Why do you say he has a good job?" "He's only a stationary fireman."

"I know. But he's a fireman in an ice plant. He can keep warm in the winter and cool off in the summer."—Buffalo Express.

Sound Cords.

Submarines, airships and the like can be steered along the path of a previously laid cable by use of sound cords. Vessels can thus be steered to avoid submarine mines and other hidden dangers.

A Shrewd Suggestion.

They tell a story in New Hampshire about a country squire before whom a man was arraigned for passing a counterfeit half dollar. The prisoner protested his innocence, on the ground that the date of the coin, 1850, showed that it could not have been in circulation so many years without being detected if it was counterfeit. The squire thought this a logical defense and discharged the prisoner. After the man had got out of the state some one suggested that the date might have been counterfeited as well as the coin, and then it was tested and melted in the flame of a candle.—St. Louis Globe-Democrat.

Satisfaction.

"Do you know that your attentions weary me?"

"Do they, indeed? I was beginning to feel that I had failed to make any impression whatever."—Cleveland Plain Dealer

For Sale

Six lots in Schwartz Second Addition to Brainerd on Rosebell and 9th St. N. E. Brainerd. Very reasonable price. 7-room house on 512 Quince St., price \$1100.00.

Ladies' Tailor

214 Ryan Bldg., St. Paul

of the twin city, with the most complete equipment for making ladies high grade suits and skirts. Every garment is guaranteed to be up to the standard in first class fit and workmanship. Every garment is under my supervision and every customer leaves here with full satisfaction. I wish to call your attention to the fact, that I will make and furnish all materials for your suit for \$27.75 and up.

All long coats to fit well and made after the latest styles with all materials furnished for \$25.00 and up. I will also make from your own materials, suits at a most reasonable and satisfactory price.

A cordial invitation is extended you, to visit my establishment when you are in St. Paul.

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsites will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to
